

The GPS Insight DVIR product (iOS and Android compatible) offers an FMCSA/NSC compliant (US/Canada) DVIR solution designed to electronically record DVIRs and DVIR-related processes completed by admins/managers, drivers, and mechanics.

**Note.** This product is for fleets that do not fall under HOS requirements but must meet DVIR compliance in US and/or in Canada.

Download the iOS mobile app: [GPS Insight DVIR - iOS](#)

Download the Android mobile app: [GPS Insight DVIR - Android](#)

Access the Portal: [GPS Insight DVIR Portal](#)

## Primary Features

Available features are listed below. We have categorized available features by which feature would be most useful based on role.

## Admins/Managers

- Create custom vehicle inspection templates
- Access to pre-made vehicle inspection templates
- Export DVIRS into PDF or Excel in bulk
- Receive defect notifications
- Set default vehicle inspection templates by asset type

## Drivers

- Perform pre-/post-trip or ad-hoc inspections
- Identify and record defects
- Prompted to confirm past defects are resolved/repaired
- Sign/Certify
- Email and/or present inspections to DOT

## Mechanics

- Attach worker orders and/or vehicle repair information to a DVIR (From Mobile App or Portal)
- Sign off on repaired defects

## Logging In

Logging in to the DVIR product is as easy as opening the GPS Insight DVIR login page, entering your login credentials and tapping **Login**. If you are accessing the Portal on your computer, navigate to the GPS Insight DVIR Portal at the URL provided above, enter your login credentials, and click **Login**.

## Forgotten Your Password?

If you have forgotten or misplaced your password, please select the **Forgot Password?** link. You are prompted to enter your username or email address, then select **Request Password Reset**. Instructions for resetting your password are sent via email.
