About Maintenance

Link: https://help.nuvo.solutions/docs/about-maintenance/ Last Updated: July 27th, 2016

The Portal allows you to track vehicle maintenance through scheduled service reminders.

Click the **Maintenance** menu item to open the Maintenance tab. All of your maintenance reminders and their color-coded statuses are listed on this tab.

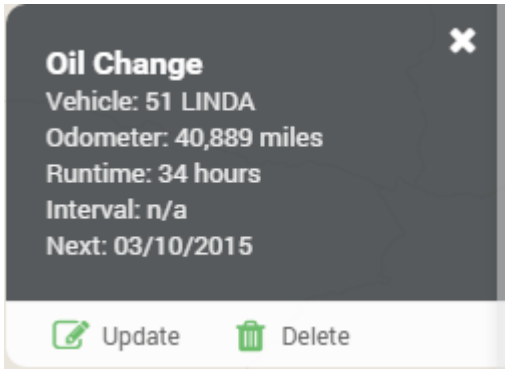

Service Legend

Description	Color
More than 20% of service interval remaining	
Less than 20% of service interval remaining	
Less than 10% of service interval remaining	
At recommended service	
Overdue more than 10% of service interval	

Maintenance Card

When you click on a maintenance reminder from the list, the **Maintenance Card** appears, which shows you the vehicle, current odometer, current run time, service interval, and next scheduled service (miles, hours, or date). Additional menu items are also available for the reminder.

Maintenance Logs

When selecting a maintenance reminder an option exists to Add Logs. Each time a vehicle receives service, add a log entry to record the event. After logging individual service records for each vehicle you can view aggregate fleet maintenance data using the Service History report.

In addition to service reminders, you may also track service history.

Note. In order to manage maintenance items, you must have the Maintenance permission enabled in the User Access List and the Service Reminder item enabled in the Menu Access List (Account Category).

Vehicle	Odometer	Run Time	Service	Interval	Next
54 MIKE	17,836 mi.	907.8 hrs	Oil Change	5,000.0 mi.	17,873.0 mi.
			Tire Rotation	N/A	Feb 28, 2015
56 JESSE	95,481 mi.	662.7 hrs	Oil Change Test	5,000.0 mi.	96,100.0 mi.
58 BRAD	17,630 mi.	526.0 hrs	Battery Replacement	N/A	Feb 28, 2016
			Registration Renewal	N/A	Feb 16, 2016
