To perform a DVIR, please follow the instructions below.

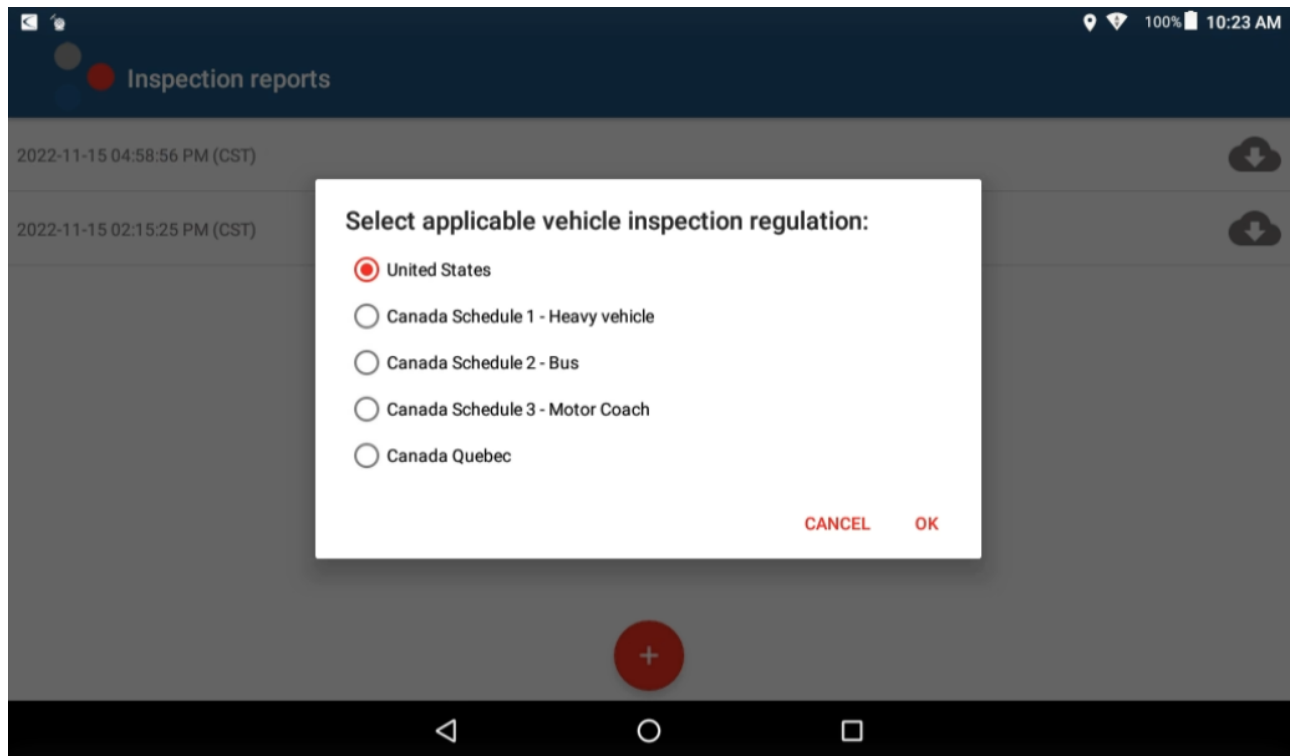

1. From the Home Screen, tap the Inspections Report button.

2. Tap on the + button (bottom of the screen).

3. Tap the vehicle inspection regulation region from the options shown, then tap **OK**.

Note. Additional options are available for Quebec compliance: heavy vehicle, bus, and motor coach.

A New Inspection Form appears.

4. Inspect the tractor/trailer, tap the checkbox next to any defective item you may have found, and enter remarks for the checked items then tap **OK**.

The screenshot shows the 'New Inspection (United States)' screen. A modal dialog box titled 'Remark' is open, prompting the user to 'GIVE DETAILS UNDER "REMARKS":'. The dialog has a text input field labeled 'Remark' and two buttons: 'CANCEL' and 'OK'. The 'OK' button is highlighted with a yellow border. In the background, the 'Vehicle information' section is visible, showing a list of inspection items: Air Tanks, Cab, Engine, Drive Shafts, and Exhaust, each with an unchecked checkbox. A green box with the number '8496-06' is in the top right corner. The bottom right corner of the screen has a 'NEXT >' button.

5. Tap **NEXT**.

The screenshot shows the 'New Inspection (United States)' screen. At the top, it says 'CHECK ANY DEFECTIVE ITEM AND GIVE DETAILS UNDER "REMARKS"'. Below this, there are two illustrations of a white semi-truck. Under the illustrations, there is a checklist of items: Air Tanks, Cab, Engine, Bumper, Drive Shafts, and Exhaust. Each item has an unchecked checkbox. A green box with the number '8496-06' is in the top right corner. The bottom right corner of the screen has a 'NEXT >' button, which is highlighted with a yellow border.

Note. We have separated items under the C-TPAT 17 agreement in order to help you reduce border delays (if applicable) and minimize risks.

6. Enter a remark and indicate if defects were corrected or not.

7. Sign the inspection report. If you have not added a signature, tap the pencil icon at the bottom right corner of the screen.

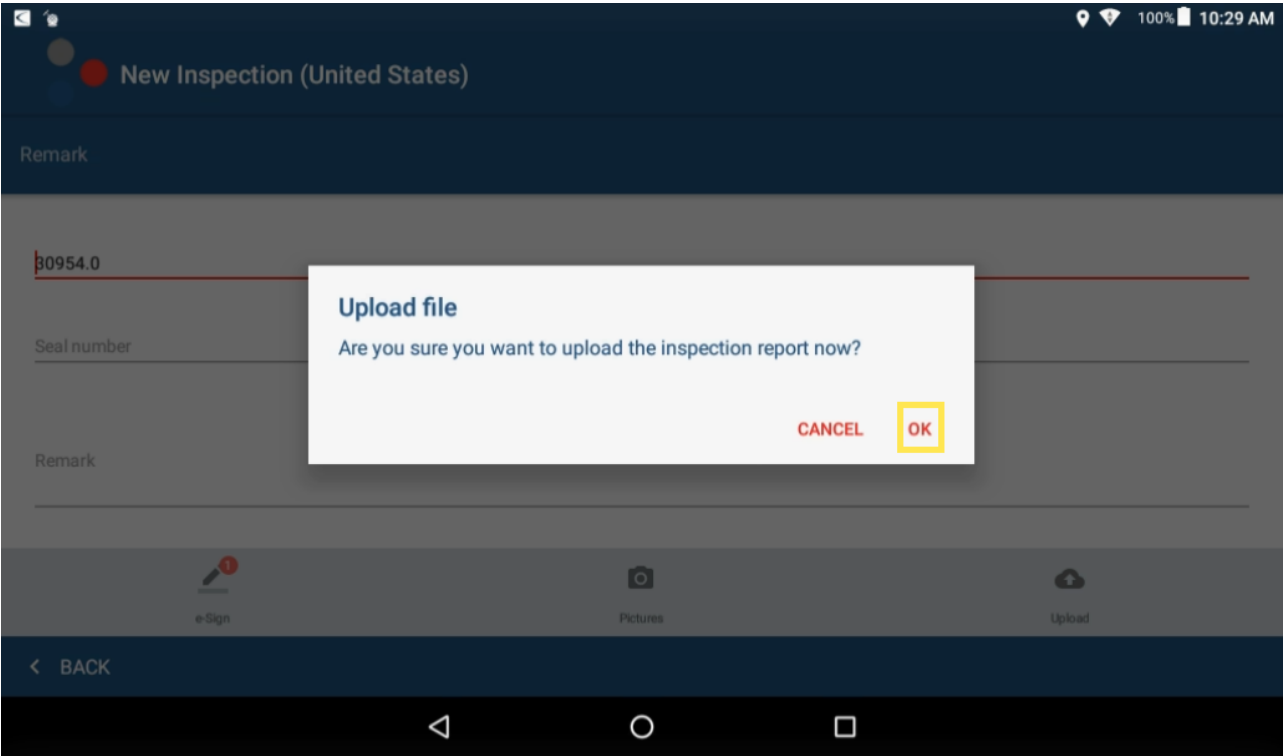

8. Sign on the line above “Put your signature here” and tap **Save & Finish**.

Note. If defects were found and corrected, you can ask the mechanic for a signature. There is a third, optional signature that some carriers require before a vehicle leaves the yard.

9. Tap **Upload**, then **OK**.

The DVIR is submitted.
