## **Updating the Connect Tablet**

Link: https://help.nuvo.solutions/docs/updating-the-connect-tablet/ Last Updated: August 10th, 2021

Connect Tablet app updates begin automatically when the tablet is connected to Wi-Fi. If there are any updates available, they are installed silently in the background. Once updated, you can manually verify the updates by completing the steps below.

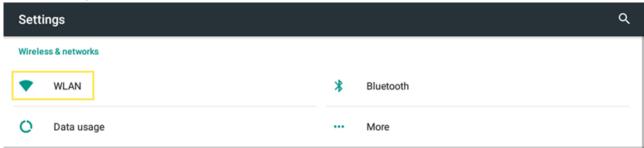

## **Verifying Connect Tablet Updates**

## To manually check if an app is updated:

1. Connect the tablet to Wi-Fi by tapping Settings from the home screen.

2. From here, tap Wi-Fi.

3. Then turn on Wi-Fi and connect to your Wi-Fi network.
