Here's what's new for Driveri!

In-Cab Audio Alert: Driver Drowsiness - Excessive Yawn (Beta)

A new In-Cab Audio Alert "Driver Drowsiness – Excessive Yawn" has been added to the **Configurations** > **Alerts** > **In-cab Audio Alerts** page in the Driveri portal.

An audio alert stating" "Please Stay Alert" will sound when Driveri detects that the driver is yawning continuously (2 to 3 times) in 3 minutes.

Note. This feature is currently Beta.
